

## Programme Guide

At Quintessential, we are passionate about fostering academic excellence and lifelong success in every student we serve. We understand that each student learns differently, which is why we've designed our programmes to meet the unique needs of each student, providing tailored support for their individual journeys.

More than a source of tutorial services, Quintessential encompasses a highly regarded brand of education designed to promote lifelong success and character development.

# Defining Industry Standards

## 01

### Rigorous Curriculum

- Designed by IB Examiners & Oxbridge Graduates
- Highly Effective Learning Strategies
- Curated Subject-Specific Resources
- Proprietary Teaching Framework

### Specialised Courses

- Internal Assessment & Extended Essay
- Crash Course & Exam Prep
- Early Years Programme
- University Admissions Support
  - (Portfolio Building, Personal Essay, Interview)

## 02

## 03

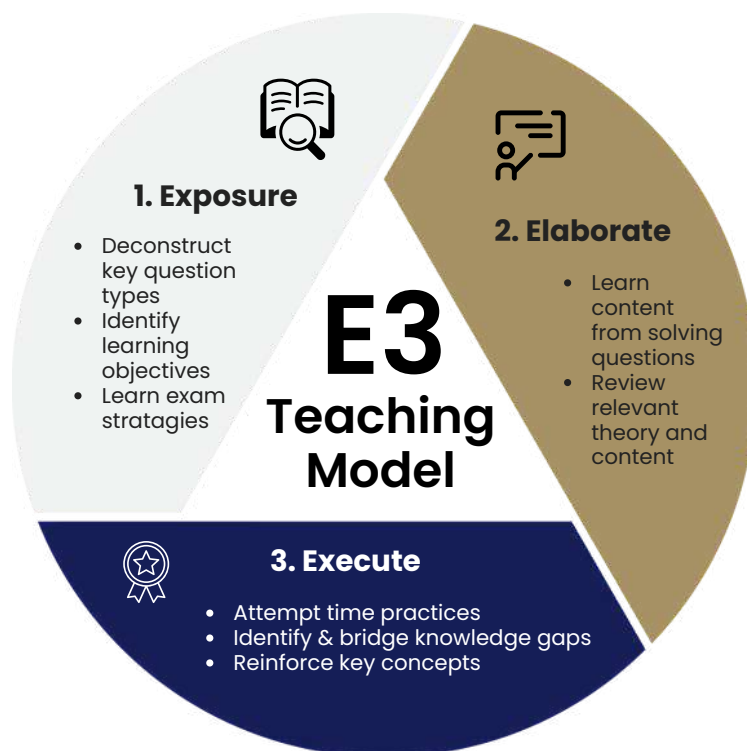

### Master Tutors

- IB & IGCSE Examiners
- Oxbridge & Ivy League Graduates
- Ex & Current School Teachers

# Curriculum Design Principles

Our curriculum is intelligently designed to challenge students and help them develop critical thinking skills, problem-solving abilities, and a lifelong love of learning.

## Key Features

### Question Analysis

We review past exam questions to deconstruct key question types and inculcate problem-solving strategies.

### Concise Notes

Our highly-rated resources are intelligently designed to condense textbook content and shorten the learning curve.

### Tutorials

Experiential learning allows our students to learn from doing and develop effective and critical exam skills.

### Evaluation

We regularly assess students' progress and provide feedback to improve learning outcomes.

### Timed Trials

Through timed practices, we challenge students to refine their exam skills and master time management techniques.

### Consultations

Students have all of their questions answered and any learning gaps are identified and addressed.

# Programmes

## Tuition

Small class sizes, premium tutors, and industry-leading curricula remain our code of excellence.

- Weekly Tuition (Group and Individual)
- Crash Course

## Workshops

Our signature workshops offer intensive sessions for specific needs.

- Exam Preparation
- Holiday Programme
- Headstart Programme

## Coursework Support

Comprehensive support for the Internal Assessments (IA), Extended Essay (EE), and Theory of Knowledge (TOK).

- Topic Analysis and Content Generation
- Research and Data Interpretation
- Writing and Organising
- Editing and Proofreading

## University Admissions Mentoring

Work with top mentors from leading universities to gain a definitive head-start for competitive courses.

- College and Course Selection
- Portfolio-Building (Internship, Attachment, Service)
- Personal Essay and Entrance Tests
- Academic Interview

# Course Fees

All of our tutors go through a stringent three stage interview process.  
Only the best will teach your child.

## Junior

Undergraduates and graduates who scored 44 and 45 points in the IB examinations. Having first hand experience in the IGCSE, IB, and QE tuition courses, they offer invaluable support and share a proven formula for success.

- Individual Class  
\$600 - \$750 Per month
- Group Class  
\$480 - \$550 Per month

## Senior

Graduates, current, ex-school teachers with minimum 5 years of experience and degree with top honours. Many have extensive teaching experience at leading schools and are well skilled in curriculum development and lesson delivery.

- Individual Class  
\$720 - \$950 Per month
- Group Class  
\$480 - \$550 Per month

## Master

IGCSE and IB examiners who rank top in the industry. With invaluable experience marking the official exam papers, they offer pinpoint help to improve exam skills, answering techniques & academic performance.

- Individual Class  
\$800 - \$1065 Per month
- Group Class  
\$480 - \$550 Per month

# Testimonials

**Thanakhom S.**  
**Anglo Chinese School (International)**  
Math (IGCSE): B to A\*

Before starting English tuition with QE, not only was my understanding of concepts uncertain, but also I was doubtful of my written answers. After having tuition, I was much more confident in my answering skills and able to appreciate and enjoy the subject much more than before.

**Park Ha Joong**  
**Australian International School**  
Math (IGCSE): B to A\*

Bryne is a dedicated teacher who always helps with any questions I have. His lessons are engaging and useful as I've learnt many skills in problem-solving. He also ensures we grasp the skills and concepts taught by giving many practices and feedback in class and at home.

**Chang Wei**  
**United World College**  
Math (IGCSE): B to A\*

Economics lessons at QE allowed me to understand the course and the syllabus thoroughly, not leaving any doubts before the final exam. I would like to thank Mr. Sean Lim for his great classes and tremendous help in the model answers and timed practice we went through in the courses.

**Elsa Tan**  
**Hwa Chong International**  
Math (IGCSE): B to A\*

Effective tuition centre that has hardworking teachers that care very much for their students. The notes my tutor provided were essential in my learning and he paced our lessons very well. I was able to understand concepts far more quicker in my school classes as well. I Highly recommend coming here for any subjects.

**Nicole Teo**  
**Anglo-Chinese School (Independent)**  
Economics (HL): 5 to 7

Going for economics tuition helped me revise everything that I learnt in school. Sean was also very kind and understanding, answering any questions and taking the time to review my work. I was also able to receive more resources to study as he provided very concise notes. These helped me understand the kind of answers I should be providing for my exams and I was able to achieve a grade of 7 for my final IB.

**Natalie L.**  
**Saint Joseph's Institution**  
Chemistry (HL): 3 to 7

After repeatedly failing Chemistry, I decided to join Quintessential. With only 5 months left to the IB examinations, Mike managed to guide me and help me achieve a grade 7 in Chemistry. The class dissected questions and helped to explain everything in detail. Also, Mike identified my problems at the root and taught me how to overcome it which is why I went from getting a grade 3 to 7.

# Uni Admissions Programmes

## Early Years Guidance

- Define passions and identify academic and non-academic interests
- Connect with industry professionals and mentors from your chosen field(s)
- Build your portfolio (extracurriculars and community projects)

## Admissions Mentoring
