

## **Programme Guide**

At Quintessential, we are passionate about fostering academic excellence and lifelong success. As Pre-IB and IB specialists, we design our programmes to meet the unique needs of each student, providing tailored support at every stage.

Beyond tutoring, we offer expert university application support, helping students secure admission to top institutions, including Oxbridge, the Ivy League, and leading schools in the UK, US, and Singapore.

More than a source of tutorial services, Quintessential is a trusted education brand committed to shaping future-ready students with the skills and confidence to excel.

# Defining Industry Standards

## 01

### Rigorous Curriculum

- Designed by IB Examiners & Oxbridge Graduates
- Highly Effective Learning Strategies
- Curated Subject-Specific Resources
- Proprietary Teaching Framework

### Holistic Programmes

- Tuition
- Crash Course
- IB Coursework
  - Internal Assessment & Extended Essay
- University Admissions Support
  - Personal Essays
  - Portfolio-Building
  - Test & Interview Preparation

## 02

## 03

### Master Tutors

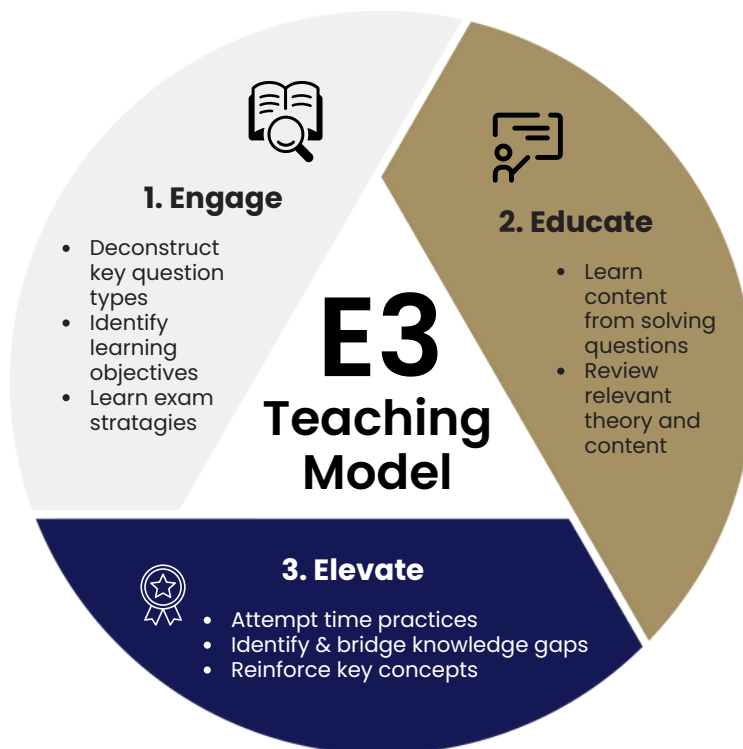

- IB & IGCSE Examiners
- Ex & Current School Teachers
- Subject Specialists
- Oxbridge & Ivy League Graduates

# Curriculum Design Principles

Our curriculum is intelligently designed to challenge students and help them develop critical thinking skills, problem-solving abilities, and a lifelong love for learning.

## Key Features

### Question Analysis

We review past exam questions to deconstruct key question types and impart problem-solving strategies.

### Concise Notes

Our highly-rated resources are intelligently designed to condense textbook content and shorten the learning curve.

### Tutorials

Experiential learning allows our students to learn from doing and develop effective and critical exam skills.

### Evaluation

We regularly assess student progress and provide feedback to improve learning outcomes.

### Timed Trials

Through timed practices, we challenge students to refine their answering techniques and time management skills.

### Consultations

Students have all of their questions answered. Any learning gaps are identified and addressed.

# Programmes

# Testimonials

## Thanakhom S.

Anglo-Chinese School (International)  
Eng A Lang Lit (IGCSE): B to A\*

Before starting English tuition with QE, not only was my understanding of concepts uncertain, but also I was doubtful of my written answers. After having tuition, I was much more confident in my answering skills and able to appreciate and enjoy the subject much more than before.

## Park Ha Joong

Australian International School  
Math (IGCSE): B to A\*

Bryne is a dedicated teacher who always helps with any questions I have. His lessons are engaging and useful as I've learnt many skills in problem-solving. He also ensures we grasp the skills and concepts taught by giving many practices and feedback in class and at home.

## Chang Wei

United World College  
Economics (IGCSE): B to A\*

Economics lessons at QE allowed me to understand the course and the syllabus thoroughly, not leaving any doubts before the final exam. I would like to thank Mr Lim for his great classes and tremendous help in the model answers and timed practice we went through in the courses.

## Elsa Tan

Anglo-Chinese School (International)  
Math AA(HL): 6 to 7

Effective tuition centre that has good teachers that care very much for their students. The notes my tutor provided were essential in my learning and he paced our lessons very well. I was able to understand concepts far more quicker in my school classes as well. I Highly recommend coming here for any subjects.

## Nicole Teo

Anglo-Chinese School (Independent)  
Economics (HL): 5 to 7

Going for economics tuition helped me revise everything that I learnt in school. Sean was also very kind and understanding, answering any questions and taking the time to review my work. I was also able to receive more resources to study as he provided very concise notes. These helped me understand the kind of answers I should be providing for my exams and I was able to achieve a grade of 7 for my final IB.

## Natalie L.

Saint Joseph's Institution  
Eng A Lang Lit (SL): 5 to 7

I joined Quintessential as I was having problems writing well which was highly frustrating for me. Through the writing practices, I was able to write answers with more accuracy, using proper techniques, improving along the way and therefore increasing my confidence. I was able to achieve a 7 in my IB exams, which I didn't think was possible.

# University Admissions

## Early Years Guidance

- Define passions and identify academic and non-academic interests
- Connect with industry professionals and mentors from your chosen field(s)
- Build your portfolio (extracurriculars, passion projects, competitions, attachments)

## Admissions Mentoring

- Craft an application strategy based on your target universities and courses
- Build your portfolio (extracurriculars, passion projects, competitions, attachments)
- Skills training for Personal Essays, Entrance Tests, and Interviews

## Personal Essay

- Brainstorm and idea generation
- Outlining and organisation
- Writing and revision
- Editing and proofreading

## Research Paper

- Define topic/scope of research
- Advise on research methodology, content generation, and writing
- Research publication (if applicable)

## Portfolio Building

- Brainstorm project ideas
- Advise on planning and execution
- Review progress and project outcomes
- Set future goals and plans

## **Olympiads**

- Competitive exams testing knowledge and skills in specific subjects
- Foster critical thinking and problem-solving
- Enhances college applications and resumes
- Networking with peers and mentors globally

## **Science Challenge**

- Competitive events where students solve real-world scientific problems
- Encourages innovation, creativity, and application of scientific knowledge
- Builds a strong foundation for future STEM studies or careers.
- Boosts college applications with evidence of initiative and skill.

## **Entrance Test Prep**

- Review academic theory
- Review exam strategies and answering techniques
- Conduct mock exams and post-practice review

## **Interview Prep**

- Review the structure and format of admissions interviews
- Review academic theory and past questions
- Analyse and improve presentation skills and body language
- Conduct mock interviews and analysis

## **UCAS & Common Apps**

- Brainstorm key ideas for personal statement essay where students showcase their skills, achievements, and motivations for their chosen field of study
- Review and analyse supplemental essays required by specific colleges

## **Med & Law Schools**

- Identify target med or law schools and understand their admission requirements
- Tailor to specific colleges' expectations or prompts
- Prepare and register for required tests
- Mentorship for essay writing, portfolio development, and interview preparation
